August 11, 2017

Dear Encino Charter Elementary Families and Community Members,

I am honored and delighted to have been appointed new principal at Encino Charter Elementary. I welcome the opportunity to serve the Encino Charter learning community and look forward to working with the stellar staff, dedicated parents, and involved community members. Most of all, I look forward to working with our students and sustaining the outstanding educational program here at Encino.

I come to Encino Charter Elementary with 20 years of experience with the Los Angeles Unified School District. My experiences mostly lie in the classroom as an educator, but also include my role as Magnet Coordinator and Assistant Principal. No matter what role I take in the education realm, my work and passion will always remain focused on the students to foster a well-balanced educational opportunity, nurture the growth mindset to become life long learners, and prepare them for the competing 21<sup>st</sup> century.

I am already feeling very proud of the academic achievement our students have made and direction the school has been moving towards with the integration of technology in every classroom. The enrichment programs we offer such as Ballroom Dancing, Robotics, Visual Arts, Science Lab, and so much more really allows for every child to find their niche and cultivate their talents. At Encino Charter we will not only prepare our students to be college and career ready, but also promote good character to build on being responsible, respectful, and caring young citizens.

Here's to an AWESOME new school year as we work together towards excellence. I appreciate your continued support in building a strong partnership. I look forward to meeting you and getting to know better all our Encino Charter families.

Sincerely,

Christine Chun  
Principal
